

Do you like supporting your local community?

Would you like to inspire and prepare the future workforce to enter the world of work?

Become an Industry Champion and inspire the next generation of workers in East Sussex

The East Sussex Industry Champion network boasts over 200 local employers who volunteer to assist schools, special schools and colleges with careers events and activities.

Industry Champions participate in a diverse range of career activities such as careers fairs, mock interviews, assemblies, alumni events, work experience placements, and workshops.

The role suits those who enjoy engaging with pupils, sharing their experiences, and promoting their company while showcasing the career pathways they offer to the future workforce.

If you would be interested in becoming an Industry Champion, please contact the East Sussex Careers Hub at Careers.Hub@eastsussex.gov.uk or scan the QR code above.
